If you have any questions about the information contained in this document, please call the Education Department, at 405-325-1008.
For outdoor classes, don’t forget to wear:

- Old tennis shoes or sneakers that can get wet. (Please do not wear water socks, sandals, flip flops, crocs or gators as these will not protect your feet.)
- Clothes that can get muddy. (We will get muddy every day!)
- Water bottle with carrying strap
- Hat
- Sunscreen
- Insect repellent
- Towel for your car (for transporting happy and very dirty children home.)

Drop-off and Pick-up:

- You MUST accompany your child inside the classroom every day for drop off and pick up unless otherwise specified in your child’s paperwork.
- Please enter the museum through the staff entrance, east of the main entrance.
- ID will be checked the first time you pick up your child and any time a new person picks up your child (this includes parents).
- If you have made arrangements for your child to go home with someone else, this person must be listed on the Transportation Release and must bring an ID to show staff.
- The classroom will open 10 minutes before the start of each class. Summer Explorers staff are not responsible for the supervision of children before this time.

Your child’s heath and safety:

- Our primary goal is to provide a safe and fun experience for your child. Please be aware of the following:
  - We will not leave the museum if there is severe weather in the area. Indoor activities will be provided for classes in the event that severe weather does occur.
  - Make sure children wash their hands thoroughly with soap and warm water after class and before eating.
  - Poison ivy is a common plant around the Norman area and it is often difficult to avoid. We show all students what poison ivy looks like and try to stay away from it. We suggest that you have your child shower after class.
  - Salmonella bacteria naturally occur in reptiles and amphibians but can be spread to humans if the bacteria are ingested.
  - We will ensure children sanitize their hands after touching live animals.
  - Children under five years of age and people with compromised immune systems should be especially cautious when touching reptiles and amphibians.

If you have any questions or concerns, please call the Education Department at (405) 325-1008
