Florist Regulations

All florists providing services at the Sam Noble Museum must adhere to the following regulations that protect the Museum’s exhibits and collections from insect pest infestations and to ensure problem-free operations during special events. **Floral arrangements that do not comply with the following regulations will not be allowed into the facility.**

Please return this form to the Museum at least two weeks prior to your scheduled event.

1. Flowers and plants (all flora) must originate from a professional florist. “Home grown” flowers and plants and those from greenhouses, garden centers, landscapes, backyards, or collected in the wild are not to be used in floral arrangements. Flowers and plants used should be grown under strict environmental and pesticide controls, as to diminish the likelihood of insect transfer from the flower to the Museum.

2. All flowers and plants must be cut. Potted flowers and plants are not allowed in the Facility.

3. The use of cardboard boxes, paper bags or wooden crates for transport of floral arrangements into the Facility is prohibited. These organic materials can harbor pests. Non-organic materials, such as plastic bags or plastic tubs are acceptable replacements for transport.

4. If water is needed in a floral arrangement, minimal amounts should be used. The water used should also be fresh, not stagnant, to ensure no insect larvae are living in the water.

5. All flowers and plants must be clean and free of any visible insect damage. Flowers and plants that show insect damage will not be allowed in the Facility.

6. The use of wood products or decor within a floral arrangement is prohibited. Wood provides natural harborage for all insects.

7. Soil may not be used in floral arrangements in the facility. Soil naturally harbors insects, insect larvae, and insect eggs.

8. All floral arrangements must be brought in through the Museum loading dock entrance no more than four (4) hours prior to the scheduled event start time and removed within one (1) hour of the event conclusion. The loading dock entrance is located on the east side of the Facility. Access to event space(s) will be granted after Museum public hours at 5:01 p.m.

9. This page must be completed, signed, and returned to the Events Office at least two (2) weeks prior to the event. **Unapproved, floral arrangements will not be allowed into the building.** Please return to:

   Sam Noble Museum
   Attn: Coordinator, Events
   2401 Chautauqua Ave.
   Norman, OK 73072-7029

Please send e-mail to reservations@snomnh.ou.edu or call 405.325.7975 with any additional questions and concerns.
