Which grade you are currently enrolled in this academic year?

Ninth Tenth Eleventh

How did you hear about Paleo Expedition?

- Teacher Fellow Student Program at my school
- Website Radio Newspaper
- Other _____

Have you applied to Paleo Expedition Before?

- Yes No Unsure

Please print and use complete sentences to answers the following questions.

Use additional paper if needed.

1. What types of outdoor or science programs (summer camp, science fair, youth ambassador, 4-H, scouts, etc.) have you done in the past? Describe what you enjoyed about these programs.

2. Paleo Expedition is an outdoor science program. What types of activities do you like to do outdoors and in nature and why?

3. Define paleontology in your own words, and explain why it interests you.

4. This is a highly physical outdoor science-based program with extensive time spent outside in the summer heat. Have you participated in this type of experience before? How do you think you will like this type of adventure? Why do you want to participate in this type of adventure?

5. You will be working in a team with other students and scientists. Please give an example of how you have worked well in a team.

6. Why should you be selected to participate in Paleo Expedition?

If selected as a finalist, you must attend an interview (with at least one guardian) at the Sam Noble Museum in Norman. A portion of travel costs will be reimbursed. Please indicate which time frame will be most convenient.

Paleo Expedition

Application 2019: TEACHER SECTION

Student's Name _____

School _____

Dear Teacher,

The student named above has applied to participate in Paleo Expedition, a paleontology summer program through the Sam Noble Museum at the University of Oklahoma that engages high school students in "doing" science!

12 students will be selected for Paleo Expedition.

Paleo Expedition will travel to paleontological field sites in Oklahoma. Working alongside scientists from the University of Oklahoma, students will have the unique opportunity to experience hands-on participation in field-based science, where the laboratory is the great outdoors.

We would appreciate your honest recommendation of the applicant. If you are providing references for multiple students please be aware that no more than one student could potentially be selected from your school. Please take this into consideration when completing the questions below.

Recommendations must be sent directly to the museum:

Email- explorology.samnoblemuseum@ou.edu / Saved as a PDF / Subject: PE "Student Name"

Fax- (405) 325-4436 / Attn: ExplorOlogy

Postal Mail- ExplorOlogy

Sam Noble Museum

2401 Chautauqua Ave.

Norman, OK 73072

Recommendation is due at the Museum no later than **Thursday, March 29, 2019**. (Postmarked)

Other _____

Please provide answers to the following questions.

1. What grade(s) and subject(s) do you teach, and in which class(es) have you had this student?

2. Does your school have a science club or other extra-curricular science opportunities? If so, please describe. Does this student participate in these opportunities?

3. Tell us a little about this student. Please reference his/her interest and enthusiasm for science.

4. Please provide us with your candid opinion of the student's social, intellectual and personal capabilities. Please include the following; 1) personal integrity, 2) academic ability, 3) self-confidence and 4) work habits.

5. This is a highly physical outdoor science-based program with extensive time spent outside in summer heat. How do you feel this student will respond to the physical and mental requirements?

6. Students will be working in a team with peers and science professionals to study fossils, geology and biology. What strengths do you think this student possesses that will make him/her a good team member?

Please indicate strength of overall endorsement by checking the appropriate line.
