

**WEEK 8:**  
**OUTDOOR SURVIVAL**

## JOIN US AS WE EXPLORE THE GREAT OUTDOORS TO LEARN DIFFERENT WAYS TO HELP US STAY SAFE OUTSIDE.

Understanding how to stay safe outside in different situations is important. Sometimes emergencies happen and you might find yourself lost in an unfamiliar place in nature. Whether hiking, camping or exploring, it is best to be prepared. Just like other living things, we need shelter, water and food to survive. Knowing how to find shelter, make a fire, find clean water and when to search for food are life-saving skills. The best thing you can do in a survival situation is stay calm and be prepared. Join us as we learn some of the basics of survival and tips to stay safe outdoors!
